

## Disposable Microforceps Ultra peel (25 gauge / 0.5mm)

Article No: 2286.CD305

**Dr Manoj Kakar,**  
Senior Vitreoretinal Surgeon  
St. Eriks Eye Hospital,  
Stockholm, Sweden

**“The instrument feel is great, light enough to hold without being flimsy. A truly versatile forceps, which grips and holds tenacious and delicate membranes with equal ease.”**

### Product features:

- Designed for single-movement peeling of thicker, more fibrotic membranes
- Blunt, rounded tip design and optimal shaft stiffness provides precise control for smaller gauge surgery
