

## Disposable Microforceps: Extended reach Wide grip, 27 gauge / 0.4 mm

Ref. 1286.WRD04

"The Dutch Ophthalmic 27G wide grip forceps are fantastic. They provide a firm grasp on membranes with minimal shredding. Also, their rigidity is comparable to 25G forceps. I highly recommend them." - Christopher L. Haupert, M.D. -

### Features & Benefits in comparison with the older 27G forceps:

- 60% increased gripping width
- 260% improvement in gripping area
- 40% enhanced stiffness

"I've been very impressed by Dutch Ophthalmic's new 27G wide grip forceps making them my preferred choice for both 25G and 27G cases. The tips allow for good tissue visualization, while the grasping strength and rigidity are excellent" .- James Singer, D.O. -
